## Electronics Limited

Results Presentation  
Q3 FY16

## Safe Harbor

This presentation has been prepared by Salzer Electronics Limited (the “Company”) solely for information purposes and does not constitute any offer, recommendation or invitation to purchase or subscribe for any securities, and shall not form the basis or be relied on in connection with any contract or binding commitment what so ever. No offering of securities of the Company will be made except by means of a statutory offering document containing detailed information about the Company.

This Presentation has been prepared by the Company based on information and data which the Company considers reliable, but the Company makes no representation or warranty, express or implied, whatsoever, and no reliance shall be placed on, the truth, accuracy, completeness, fairness and reasonableness of the contents of this Presentation. This Presentation may not be all inclusive and may not contain all of the information that you may consider material. Any liability in respect of the contents of, or any omission from, this Presentation is expressly excluded.

Certain matters discussed in this Presentation may contain statements regarding the Company’s market opportunity and business prospects that are individually and collectively forward-looking statements. Such forward-looking statements are not guarantees of future performance and are subject to known and unknown risks, uncertainties and assumptions that are difficult to predict. These risks and uncertainties include, but are not limited to, the performance of the Indian economy and of the economies of various international markets, the performance of the industry in India and world-wide, competition, the company’s ability to successfully implement its strategy, the Company’s future levels of growth and expansion, technological implementation, changes and advancements, changes in revenue, income or cash flows, the Company’s market preferences and its exposure to market risks, as well as other risks. The Company’s actual results, levels of activity, performance or achievements could differ materially and adversely from results expressed in or implied by this Presentation. The Company assumes no obligation to update any forward-looking information contained in this Presentation. Any forward-looking statements and projections made by third parties included in this Presentation are not adopted by the Company and the Company is not responsible for such third party statements and projections.

# Recent Updates

# Key Highlights

Rs. in Crore	Q3FY16	Q3FY15	YoY	9MFY16	9MFY15	YoY
Revenue from operations	90.2	69.4	30.0%	262.3	205.9	27.4%
EBITDA	10.1	8.2	23.8%	34.1	26.6	28.5%
PAT	3.4	2.2	4.6%	13.1	8.6	52.2%

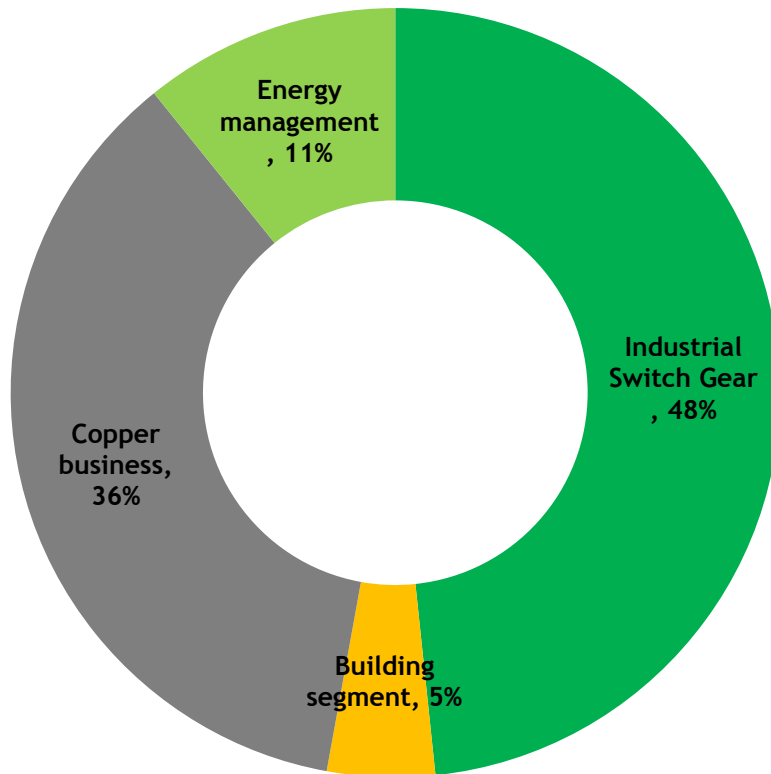

- **Robust revenue growth of 30.0% YoY in Q3 FY16**
  - Industrial Switchgear business - **48% of total revenues**, YoY growth of 10%
  - Copper business - **36% of total revenues** with growth of 41% YoY
  - Building Products business - **5% of total revenues**, 25% YoY decline
  - Energy Management business - **11% of total revenues**, YoY growth of over 789%
- **Robust revenue growth of 27.4% YoY in 9M FY16**
  - Industrial Switchgear business - **50% of total revenues**, YoY growth of 23%
  - Copper business - **34% of total revenues** with muted growth of 7% YoY
  - Building Products business - **4% of total revenues**, 9% YoY growth
  - Energy Management business - **12% of total revenues**, YoY growth of over 368%
- **EBITDA margins at 11.9%, declined 53 basis points due to**
  - Change in product mix, higher contribution from copper business
  - One time consultation and testing fees charged during the quarter for a new product

# Profitability Highlights - Q3FY16

# Company Overview

# Business Overview

- **Leading player offering total and customized electrical solutions**
  - Presence in Switchgears, Wires & Cables and Energy management business
  - Largest manufacturer of Cam Operated Rotary Switches - Market leader with 25% share
- **Extensive Product portfolio across segments with In-house manufacturing facilities**
  - 5 manufacturing units located in Tamil Nadu & Himachal Pradesh
  - More than 15 products catering to Industrial / Building / Automobile segments
- **Strong focus on product development and innovation**
  - Registered Patent for Rotary Switches, 5 product patents in process
- **Wide Distribution network - local and global**
  - Own distribution network - local and global - export to 50 countries
  - Access to L&T's local network through more than 350 distributors
- **Consistent Dividend Payout Track Record for past 15 years**

# From a Single product company...

... to manufacturing multiple products across sectors

# Business Overview

## Industrial Switch Gear Business

- Transformers
- Terminal Blocks
- Rotary Switches
- Isolators
- General Purpose relays
- Wiring Ducts
- MPCB's
- Contactors & OLR's
- Control Panels

## Energy Management Business

- Energy Savers
- Street Light Controllers

## Building segment Business

- Modular Switches
- Wires & Cables
- MCB's (Under Development)
- Changeovers

## Copper Business

- Wires & Cables
- Flexible Bus Bars
- Enameled Wires
- Bunched Conductors
- Tinned Copper Wires

# Key Business Strengths

## Wide Product Suite

- Amongst few players in India, to offer total & customized electrical solutions
- Wide product basket - 15 products developed in-house
- Largest manufacturer and market leader in CAM operated rotary switches

## Complete Backward Integration

- In-house manufacturing facilities with process capabilities ensures better product development and customization
- Well developed R&D enables continual product innovation

## Advanced Engineering Capabilities

- Strong engineering capabilities backed by in-house manufacturing and R&D team
- Technical collaboration with Plitron for toroidal transformers - 1<sup>st</sup> company to bring technology to India, Joint Venture with C3Controls for contactors and relays
- Resulting in all products been international certified and universal acceptance

## Strong Customer Relationships

- Strong customer relationships across the world
- Preferred supplier to GE, Schneider and only approved supplier of Nuclear Power Corporation
- Largest supplier of rotary and load break switches to Indian Railways

## Wide Distribution Network

- Wide distribution network - international and domestic
- Tie up with L&T - access to over 350 dealers in India; own network for modular switches with 50 stockist in 4 southern & western states
- Direct network across 50 countries with 40 international distributors

# Future Growth Drivers

- Growth and **expansion of existing product segments**
- **Margin improvement through**
  - Increase sales of high margin products - existing and new
  - Increase exports - fast growing markets of US, Africa and Middle East
- Venture into **new project/ product development**
- **Energy management business - huge growth potential**

# Expansion in existing product range

## Toroidal Transformer

- Collaboration with Plitron Manufacturing, Canada
- Developed inductors & chokes using aluminum wires which finds application in large UPS
- New customers - other UPS manufacturers

## Contactors & Overload Relays

- Tie up with C3 Controls, US - leading player in electrical switch gears in US
- Product developed and under validation with UL
- Will target US and Asia as key markets

## Railway Business

- Innovated 'Fuse Change over system' for railway signaling division
- Designed new product - 'Track Feed Battery System' for changing over battery chargers in railway track feeding system

## DC Load Break Switches (PV)

- High potential - very few manufacturers in the world
- Our switches - best available in market, exporting good volume to Europe & US
- Due to lower costs - can compete with good quality high cost European & low price Chinese manufacturers

# Proposed New projects/product development

## Three Phase Dry Type Transformer

- High tech product with application in large MW UPS, renewable energy business, railways, power generation and marine industry
- Expected CAGR of 35% over next 5 years
- Technical alliance with TrafoModern (one of leading manufacturers in Europe) - to manufacture dry type, air cooled transformers, chokes and inductors

## Latching Relays

- New kind of relays used in various applications, particularly in Smart Meters
- Smart meter business - future business with high potential in developing economies Every Smart Meter has one latch relay
- Expected CAGR of 40% over next 5 years

## Capacitors

- Widely used in electronic units for power conditioning, power factor correction, motor starter application, smoothing, filtering, bypassing etc
- Increasing need across industries as it saves energy
- IEEMA estimates market to grow at 30% CAGR from Rs 750 Cr
